

(Above) The historic Cannubi Cru Vineyards of Barolo, perhaps the most famous hill in Italy, where Sandrone works with seveal sites.

# Barolo Le Vigne 2015 Barolo, Italy

# ESTATE

Sandrone's wines are sometimes described as straddling the modern and traditional styles in the region: elegant, attractive and easy to appreciate right from their first years in bottle, but with no less power and structure than traditional Barolos.

### WINE

Le Vigne is a wine created from four different Nebbiolo vineyards, each of which brings its own contribution. This union generates an exceptionally complex wine that is round and harmonious on the palate, with fruity and spicy notes, and this approach of blending together plots is in fact the traditional one in Barolo.

#### VINEYARD

The first vineyard, Vignane, is situated in the historical part of the Barolo appellation and shares many characteristics with Cannubi. The Merli vineyard is located in Novello, which produces wines that are earthy and robust but with good aromatic complexity. The third vineyard, Baudana in Serralunga d'Alba, gives the wine additional depth and richness. As of 2011, Le Vigne also includes fruit from Villero, a newly acquired vineyard in Castiglione Falletto.

#### WINEMAKING

## Grape Varieties: 100% Nebbiolo

Fermentation: Each vineyard is vinified separately, and after destemming and light crushing, the must is covered with CO2 for a gentle warm maceration of approximately a day. Alcoholic fermentation begins about 24-36 hours later from native yeasts. A gentle maceration takes place in upright open-top steel tanks for the first 7-18 days of alcoholic fermentation. Immediately after alcoholic fermentation, which takes about 28 days, malolactic fermentation takes place in 500-liter French oak casks. French oak casks (25% new) Aging: French oak casks (25% new) for 24 months Alcohol: 14.5%

# VINTAGE

The year 2015 was characterized by a period of extraordinary heat, followed by a milder period that allowed the perfect maturation of the grapes, giving the wines generosity, balance and harmony. Seven weeks of extreme heat from the last week of June to August 14 were ended by a series of strong storms that rapidly brought cooler temperatures for the near-perfect maturation during the last 10 weeks of vegetative cycle.

"For all of its generosity and expressiveness, with just a beautiful bouquet that sings out a seductive mezzo-soprano aria, be forewarned that in the mouth this is followed by rigidity and nervousness. That explosive bouquet might mislead you into thinking this is a rather evolved wine, but you certainly feel its youth on the palate" -ML, 6/19
