## Côte-Rôtie La Turquie 2016

Côte-Rôtie, France

### ESTATE

The more you learn about the Guigal family, the more astounding becomes their story. Their wines are the benchmarks for every Rhône appellation, and over the last thirty years they have become arguably the most lauded producer in the world. Year after year the Guigal family produces wines of exceptional quality that in all classes offer exceptional value.

### WINE

La Turquie is Guigal's most recent addition to the single-vineyard Cru Côte-Rôties, coming over as part of their purchase of the Vidal-Fleury firm in 1980. La Turquie had produced outstanding wines in the 19th and early 20th centuries, but had not been used for wine production for nearly 50 years. The Guigals acquired the vineyard and re-planted it in 1980 and 1981, based on Etienne Guigal's memory of the quality of the wines it produced during his tenure at Vidal-Fleury. The first vintage was the magnificent 1985. In both position and style, it sits between La Mouline and La Landonne: the complex soils lend an exotic character to La Turquie, and its concentration and elegance exhibit the virility of the Côte Brune with the subtlety and femininity of the Côte Blonde.

### VINTAGE

2016 began with a cool and rainy spring, with some threat from hail and mildew early on, and very late flowering. However, fine weather through August and September provide perfect conditions for a classic vintage, and the Côte Rôtie vineyards were harvested between late September and mid-October. The resulting wines are excellent, with great purity, concentration and balance. Philippe Guigal calls 2016 a 'classic' vintage for [La Turquie, La Landonne, La Mouline], with expected aging potential of 25 years or more.

WINE ADVOCATE

"The 2016 Cote Rotie La Turquie is lighter in weight and less rich than the vintages either side of it. Attractive notes of cracked pepper and salted licorice accent crisp, dark-berried fruit in this medium to full-bodied effort that's still mighty impressive. It finishes elegantly, showing ample concentration and length."
