

FRESCOBALDI

750 Years in Tuscany... and still aging to perfection

Frescobaldi embodies the essence of Tuscany, its extraordinary vocation for viticulture and the diversity of its territories. Frescobaldi's uniqueness stems precisely from the representation of this diversity, from its estates and from wines which express a kaleidoscope of aromas and sensations, springing from the characteristics of each individual terroir

Behind every Frescobaldi wine lies the passion of our agronomists and oenologists, who know our vineyards and terroirs down to the finest detail. Their art, creating quality wines, requires the iron rule of respect. Respect for our tradition, which guides us, even in the midst of innovation or avantgarde solutions. Respect for Tuscany, our living land, to be cultivated in harmony and serenity. Respect for each individual terroir, borne of a unique combination of soil, altitude and microclimate, each giving us a wine with its own matchless personality.

In 2023, the Frescobaldi family expanded beyond Italy to Oregon with the acquisition of lauded Willamette Valley estate Domaine Roy & Fils. Here, with the same vision and dedication, they produce world-class Pinot Noir and Chardonnay—in some ways coming full circle to the historic Castello Pomino.
