ABOUT FROG'S LEAP WINERY

Frog's Leap Winery is a benchmark Napa Valley estate that has been a champion of organic, dry-farmed viticulture and minimal intervention winemaking for over 40 years. Founded by winemaker John Williams in 1981, the winery's commitment to terroir expression and sustainability have solidified its position on the California wine map and continually dazzle drinkers with unapologetically authentic, fresh wines with site-specific identities.

THE WINE

A classic Rutherford Cabernet Sauvignon anchored by organic, dry-farmed estate vineyards and a philosophy of balance over excess. Frog's Leap emphasizes purity of fruit, natural acidity and fine-grained tannins, with oak used to support rather than dominate. The result is a layered, savory Napa Valley Cabernet that delivers depth, elegance and long-term ageability.

"After the torrid 2022 vintage, the 2023 Cabernet Sauvignon marks a return to a much more classic style at Frog's Leap. Aromatic, vibrant and sculpted, the 2023 dazzles from start to finish. The 2023 is wonderfully deep and so expressive. Rose petal, dried herbs, mocha, pine and a touch of Rutherford earthiness play off a core of distinctly fresh red-toned fruit. Readers who enjoy restrained, classically built wines won't find a finer value."
