

DOMAINE WILLIAM FÈVRE

CHABLIS GRAND CRU VAUDÉSIR - DOMAINE 2022

Chablis Grand Cru, France

ABOUT WILLIAM FÈVRE

Starting with a modest seven-hectare plot in 1959, William Fèvre today is not only one of the most influential landowners in Chablis — possessing an impressive 70 hectares of vineyards (all vinified separately) — they also indisputably have the greatest holdings, including 15.9 hectares classified as Premiers Crus and 15.2 as Grand Crus. The vineyards boast an impressive average vine age ranging from 30 to 60 years and have been farmed organically since 2000.

THE WINE

Fèvre farms two south-facing parcels on the north hillside of Vaudésir totalling 1.20 hectares in the heart of the Côte des Grands Crus. The steep slopes of this cru contain more clay than limestone, making an elegant, finessed wine. Vaudésir's blend of softness and liveliness is unique among the Grands Crus, making it particularly charming when young.

TECHNICAL INFORMATION

VARIETY: 100% Chardonnay

VINEYARD: 1.20 hectares with full southern exposure on the northern hillside of Vaudésir. More clay than limestone and a steep grade.

WINEMAKING: Native yeast fermentation with malolactic conversion. 50-60% ages on the lees for 5-6 months.

AGING: 60-70% aged in French barrique (no new oak) for 5-6 months, 30-40% in stainless steel.

ALC. BY VOL.: 12.50%
